

How to Keep Text from Disappearing in a Discussion Forum

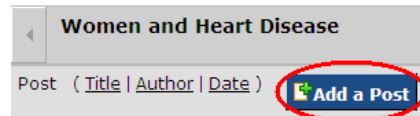

E9

If you are currently using **Internet Explorer 9**, you do not need to make changes to the Compatibility View settings as previously instructed. If you're not sure of your compatibility view settings, open Internet Explorer.

- Click Tools...Compatibility View Settings...
- You do not need to add this website.
- No items in the lower portion of the window should be checked.

Submitting a Post/Reply

Click the Forum topic and click "Add a Post".

1. Enter your post into the Text area.
 2. Click the HTML tab below the text area.
 3. Click back on the Normal tab.
 4. Click the Submit button (can preview your post first).
- Your post should now display within the forum.
